BREEZE MECHANICAL

In-Wall Low Level Mechanical Cistern for Wall Hung Pan

Product Code: PJ-G3005A

DESCRIPTION

Paco Jaanson concealed cisterns represent the perfect combination of quality, aesthetics and functionality. Just under 148mm wide, this cisterns comfortably fit within walls, and in joinery cupboards while the 3-4.5 litre dual flush buttons help saving water.

All Paco Jaanson cisterns are equipped with quiet flushing mechanisms, and include a directed water stream technique to ensure noiseless refilling. Small and stylish, the plate is no more than 245x165 mm in size.

Light weight mounting brackets makes it very simple to install this cistern in the wall cavity. Paco Jaanson cisterns are designed to offer problem-free performance year after year even with hard water conditions.
